

VARUN - Fast Sintering furnace

*Quick zirconia sintering crystallizing time

*Simple English touch screen control panel

*Various programmed curve setting available

*Exclusive elements to avoid zirconia discoloration

*Compact muffle chamber with auto lift and drop tray

Model: M1700	Chamber structure: circular and bottom lift
Display: Touch screen LCD	Max Temperature: 1700°C
Usable Range: ≤1600°C	Heating Rate: Suggestion 0~20°C/min
Accuracy: ±1°C	Inside Chamber Size: Φ100*100mm
Heating Element: MoSi2 rod	Working Voltage: 110V/220V, 50 60hz
Thermocouple: B Type	Size: 420*570*830(mm)
Max. Power: 2KW	Temperature Control: PID automatic control via SCR power control
Weight: 73kg	Warranty: One year
